

# **SOUTHERN TIER NETWORK**

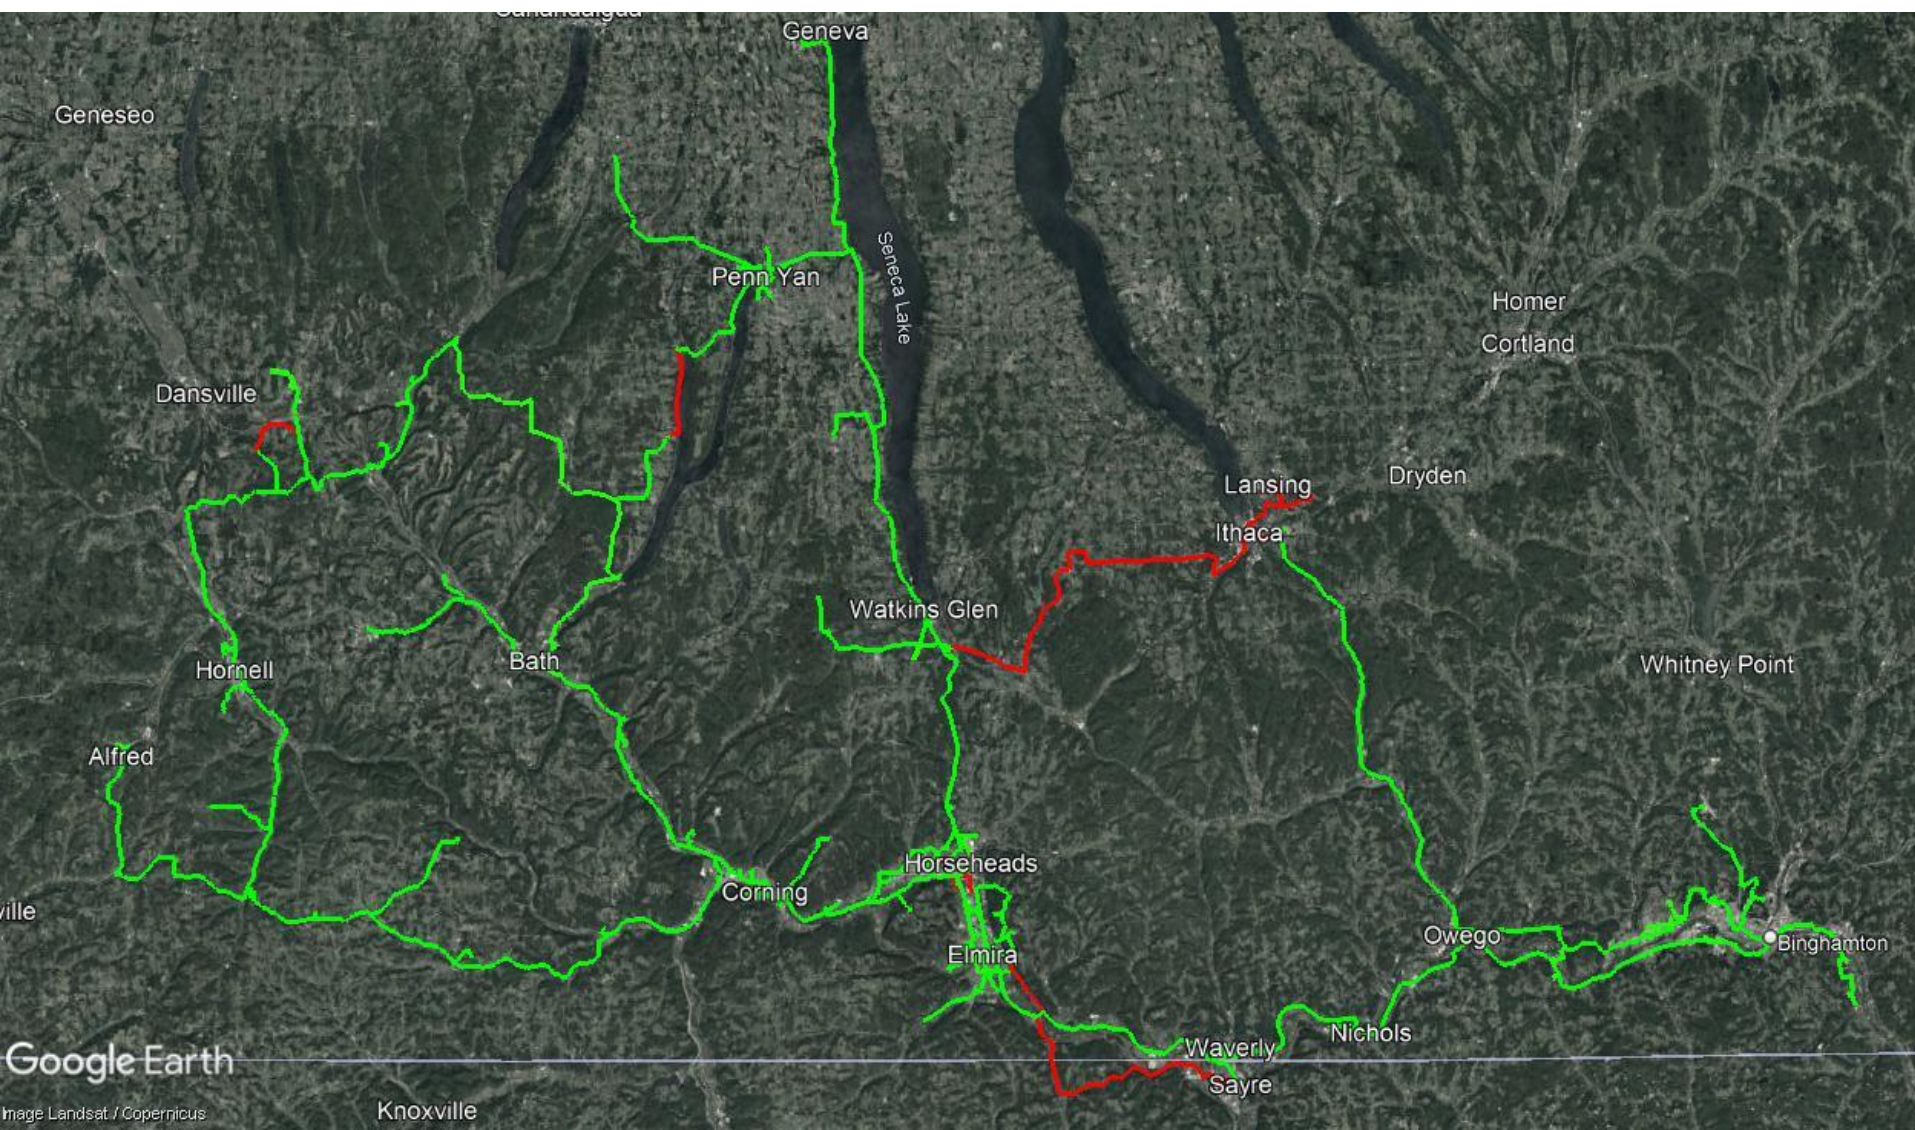

## **Overview Presentation**

## Who is STN?

1. Not-For-Profit, Local Development Authority, Charitable Organization, Affiliated with Local Governments established in 2011
2. Own and Operate a 550+ mile open access Fiber Optic network across 8 Counties in the Southern Tier region
3. Lease fibers on our network to Public Safety, Colleges, K-12 Education, County Government, Medical Facilities, Hospitals, Service Providers

# STN Backbone with New Diversity Routes

## Benefits to the region

1. Enables a competitive landscape for Internet Services
2. Enhances E911 Services across the region
3. Provides private network capabilities for municipalities and school districts (BOCES RICs) to utilize
4. Enables Broadband Service Providers to provide their services to residents and businesses faster and at a lower cost to more areas

# Current Projects

## **Network Diversity Fiber Routes**

- 90-miles of new fiber providing network diversity in several areas and additional open access network in the Ithaca market

## **NYPA/ConnectALL Nichols, NY FTTH**

- Open-access FTTH network serving ~850 homes and businesses in Nichols, currently under construction

## **NTIA Middle Mile Grant**

- Grant in development for a 3-County expansion west of STN current network edge in Alfred with partner
