Paul W. Pinckney, Chairman David V. Bottar, Executive Director

October 14, 2022

**MEMORANDUM**

**TO:** Central New York Regional Planning & Development Board

**FROM:** David Bottar, Executive Director

**SUBJECT:** Board of Directors Meeting – October 26, 2022

The Central New York Regional Planning and Development Board will hold its next meeting on October 26, 2022. The meeting will feature guest presentations from Michele Wunderlich, Associate Planner with Cayuga County Planning Department, Dave Matthews, PhD, Director of the Upstate Freshwater Institute, and Liz Moran, PhD, owner of the consulting firm EcoLogic, LLC.

This meeting will focus on water resources and water quality in our region. Last month, Cayuga County's *Owasco Lake Nine Element Plan for Phosphorus Reduction* was approved by New York State. This is a significant step forward for the protection of Owasco Lake's water quality, and marks the completion of an extensive, community-driven, planning process. Michele Wunderlich, was the Project Manager for this effort and will provide a summary of the plan.

To put this watershed plan in a larger context, we will also hear presentations from two experts in Upstate New York's water resources. Dave Matthews, a researcher and scientist with the Upstate Freshwater Institute will provide an overview on long-term changes in our lakes, including the increase in Harmful Algal Blooms, and how we can start preparing now for issues that could result from a changing climate. Liz Moran, Principal Scientist with EcoLogic, LLC, will provide an overview of how municipalities can help foster the broad community engagement that leads to successful watershed plans.

The meeting will be held on Wednesday, October 26<sup>th</sup>, from 1:00 p.m. – 2:30 p.m. Please note the meeting will be virtually only via a ZOOM video conference platform as shown below.
